

REFLECT REVITALIZE ENJOY

We travel life's trails only once – turns were made as choices were presented – oh-so-many from which to choose. The more trails we venture...the greater our fulfillment, enjoyment and personal growth as we pursue life's rewards and opportunities.

Autumn Place is a chateau to reflect on trails already blazed, and travel new pathways to personal growth, health and well-being at the time of your life when you deserve only the best there can be...Autumn Place.

WELCOME TO YOUR FUTURE

Autumn Place is premier retirement living with all the amenities of home. A resident of the Autumn Place can live a life of freedom, social enhancement, great food, and one level of service – The Finest. We offer independent living, residential care, assisted living, and memory care.

INDEPENDENT LIVING

Our independent living apartments are designed for pleasurable living with full access to our services at your fingertips...as much or as little as you choose. The independent living apartments have different floor plans available at each location.

Baxter Springs and Columbus, Kansas-Quadplexes with one or two bedroom apartments.

Joplin, Missouri and Pea Ridge, Arkansas-One bedroom studio apartments campused in a facility.

ASSISTED LIVING/RESIDENTIAL CARE

As we age day by day, the services required for life's fulfillment and health enhancement are uncertain. Our assisted living/residential care provides support so you get more out of each and every day. Within the comfort of each apartment home, you and your loved ones will be at ease knowing that assistance is available for everything from the little things in life to full assistance with daily tasks. Knowing that a staff of caring and trained professionals is always available for your needs and assistance is a compliment to your privacy and autonomy.

MEMORY CARE UNIT

A resident-centered open environment combined with structured activities is critical for those afflicted with Alzheimer's and related dementia disorders. A state-of-the-art facility with an involved staff dedicated to quality of life enhancement is important for these degenerative and progressive diseases. Giving a resident the understanding and care while minimizing their medication regime has been proven to fulfill their social, mental and physical needs.
